Power Plants

Name of the Project	Location	Scope	Completion Date
Şişecam, Mersin Soda Plant, Fluidized - Bed Boiler & Turbine Generator R/C Structures.	Turkey Mersin	Architectural design Design of steel structures Preparation of steel shop drawings Design of R/C structures & foundations/piles Preparation of R/C detail drawings Infrastructures design	2015
Eti Mine Works, Kırka V. Penta Plant, Fluidized - Bed Boiler & Turbine Generator Structures.	Turkey Kırka	General mechanical arrangement & layout Architectural design Design of steel structures Preparation of steel shop drawings Design of R/C structures & foundations Preparation of R/C detail drawings Mechanical design Electrical design Piping design Equipment lists & data sheets Infrastructures design Preparation of tender documents	2014
TİGEM, Şanlıurfa Gözlü & Ceylanpınar Biogas Plant.	Turkey Şanlıurfa	Design of steel structures Preparation of steel shop drawings Design of R/C structures & foundations Preparation of R/C detail drawings	2013
Bolu Cement Plant, Waste Heat Recovery System Structures.	Turkey Bolu	Architectural design Design of steel structures Preparation of steel shop drawings Design of R/C structures & foundations Preparation of R/C detail drawings	2013
Merinos Halı, Natural Gas Cogeneration Plant (9.7 MW)	Turkey Gaziantep	Design of steel structures Preparation of steel shop drawings Design of R/C structures & foundations Preparation of R/C detail drawings	2012
Gaziantep Industrial Zone, Natural Gas Combined Cycle Plant (100 MW)	Turkey Gaziantep	Architectural design Design of steel structures Preparation of steel shop drawings Design of R/C structures & foundations Preparation of R/C detail drawings Infrastructures design	2011
Anadolu Energy, Çorum Natural Gas Combined Cycle Plant (128 MW)	Turkey Çorum	Architectural design Design of steel structures Preparation of steel shop drawings Design of R/C structures & foundations Preparation of R/C detail drawings Infrastructures design	2011
